## PROFESSIONAL EXPERIENCE

**Penguin Lab**  
**Web Developer**

**March 2023 - Present**

**Global Genesis Web App - [globalgenesisinmobiliaria.com.py](#)**

I headed a team of three developers, provided technical training, and ensured meeting deadlines. I led the creation of the landing page and managed the implementation of the map module with Google Maps, where fractions and their lots can be visualized.

**Penguin Academy**  
**Technical Instructor**

**September 2022 - March 2023**

I taught Computational Thinking and basic Python programming. I guided a team through a 5-day hackathon, from ideation to the implementation of the minimum viable product. I also led a 9-hour web workshop, training 38 individuals in the development of a simple web app using HTML, TailwindCSS, Flask, and an API.

---

## EDUCATION & CERTIFICATIONS

**Ingeniería en Informática**  
Universidad Americana  
2024 - 2029

**Web Development**  
Platzi  
2022 - Present

## SKILLS & COMPETENCES

Analytical Thinking  
Self-learning  
Teamwork  
Leadership

---
